**APPRECIATION LETTER**

**Nobletex** has procured One Motex 15000 'Uniflo' Stenter Machine of Eight chambers with latest technology from M/S **InspirOn Engineering Pvt. Ltd. Ahmedabad** in 2024-25.

From the very beginning of the project, your team demonstrated a high level of professionalism, responsiveness and technical expertise. The project completed within time as per committed by InspirOn.

Since installation at our plant, the machine has been running smoothly and consistently, delivering premium fabric quality. We are doing process of Heat-setting, Drying and Finishing of Polyester DTY, FDY, lycra, Tafetta, Mesh technical textile fabric on Motex Stenter.

We are continuously achieving Production of **60,000 meters** per day from Stenter. We find Motex's Performance, Mechanical and Electrical Design, Utility Consumption and Workmanship either better or at par with it's global Competitors.

We wish InspirOn Engineering very good success for their future projects.
