TO WHOMSOEVER IT MAY CONCERN

Shreeramji clothing has procured One **Motex 15000 'Uniflo' Stenter** machine of Ten chambers of latest technology from M/S **InspirOn Engineering Pvt. Ltd. Ahmedabad** in last year 2025.

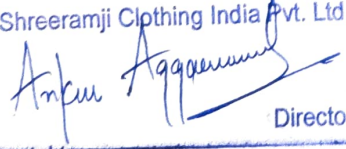

From the very beginning of the project, your team demonstrated a high level of professionalism, responsiveness and technical expertise.

Since installation at our plant, the machine has been running smoothly and consistently, delivering premium fabric quality. We are successfully carrying out process of Heat-setting, Drying and Finishing of SJ, SJ lycra, DJ lycra, Fleece, PK, Polyester knit, Interlock etc. knitted fabric on Motex Stenter.

We are currently achieving daily production in the range of **14-14.5 tons** from the Stenter with excellent operational stability and quality output.

The Metallurgy, precise accessories and user-friendly interface are a testament to the superior engineering and craftsmanship that **InspirOn** is known for.

We wish **InspirOn Engineering** very good success for their future projects.
